

Finding a Charter Organization

Unlike other scouting organizations, Frontier Girls is not a 501(c)3 non-profit. We are a private business that simply sells memberships to our website and a license to use our name and uniform. Frontier Girls Troops are independently operated by individuals or organizations that have purchased a troop membership through Frontier Girls LLC. Each troop is an autonomous body operated and governed by a single individual, local non-profit organization, church, school, or business. These groups have purchased a license to use the Frontier Girls name and logo as part of their youth program. Frontier Girls LLC may NOT be run as a for profit entity of any kind. Frontier Girls troops are not business franchises and are designed for youth education only.

Finding a Charter Organization willing to run a Frontier Girls troop is usually quite easy. Our program fills the needs of many community organizations that run a variety of youth programming. Possible organizations to approach include:

- Churches
- Schools
- Veterans Organizations (such as VFW or American Legion)
- Lions Club
- Rotary Club
- Elks Club
- Moose Lodge
- Kiwanis Club
- YMCA
- Local businesses that deal with youth such as day cares, roller rinks, or country clubs.

Included in this packet are customized letters to send to a variety of the above organizations along with brochures. Once an organization has expressed interest in becoming a Charter Organization, you can give them the Charter Agreement and the rest of the packet. Organizations are welcome to contact Frontier Girls directly if they have any questions regarding the Charter process.
